Bioserum

Item Code 4500

Suggested Retail: \$79.00

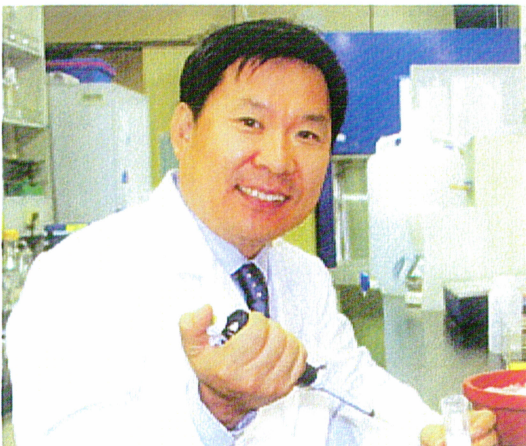

Patented Enzyme Technology Foot Cleanser & Cream.

Remarkably helps remove calluses and soften rough spots; as it deep cleans, removes odor and restores natural moisture balance.

Can be used on feet, elbows, and knees.

For everyday use. Use this cleanser on rough skin instead of soap. Massage for one minute and rinse with water.

Use daily after cleansing with Bioserum Balancing Foot Cleanser. Smooth onto skin.

Dr. Ho Young Park

Dr. Ho-young Park is an authority on biotechnology. After receiving his doctorate from Seoul National University and becoming director of the Korean Research Institute of Bioscience and Biotechnology, Dr. Park now lectures worldwide. He has written over 20 books and is featured internationally in the media. Dr. Park has discovered and continues to research applications for the powerful protease enzyme Arazyyme.

Unique Qualities:

- * Contains powerful active enzymes
- * Recipient of "Excellent Korean Technology" certification

Exceptional Benefits

- * Deep cleans and dissolves thick keratin build up
- * Reduces calluses and cracked heels
- * Moisturizes rough, dry skin
